Child's Description Page

Please print out the page below and have your child draw a picture of what they are witnessing. In a comfortable atmosphere have your child explain the picture they drew.

This picture could possibly help us on our investigation. One of our researchers will sit down and discuss the picture with you.

Please do not push your child to draw a picture if they are not comfortable with doing so.

N.E.C.A.P.S. always recommends that you seek the professional opinion of a medical physician when it comes to your child's wellbeing.
